- ▶ Les blocs-portes métalliques techniques (PMT / PMIS) sont disponibles dans les coloris thermolaqués ci-dessus (teinte avec 70% de brillance).
- ▶ À la différence d'un laquage classique, le thermolaquage confère une meilleure résistance aux chocs et à la corrosion.
- ▶ Les dimensions maximum sont 3100 × 3500 mm (porte battante) et 5350 × 6250 mm (porte coulissante).

- ▶ Autres laques RAL au choix suivant le nuancier classic K7 (teinte avec 70% de brillance) sur consultation avec minimum quantitatif.
- ▶ Pour toute demande d'échantillons ou d'autres laques RAL, nous consulter.
